4-H GROWS HERE

Rio Arriba 4-H Presents:

Tell Us About it Tuesdays!

Arts and Crafts SD

This project allows youth to show their creativity and artistic skills through art and/or craft exhibits not otherwise showcased in another 4-H Project.
Members can use the Idea Starter AND publication 400.SD-1 Self Determined Project Greentop as the starting place for your 4-H self-determined project.

Some Project Activities include:

Take your ideas from the list below or make up your own.
Arts: Drawing, Painting, Sculpting, Mixed Media, Stained Glass, Calligraphy
Crafts: Home Décor, Holiday Décor, Paper crafting, Beading (non-jewelry), Miniature Models (cars, airplanes, etc), Constructed Models (building sets – Lego, K'Nex, etc)

Complete the following activities, share your results, and earn points!

Watch these videos to help grow your creativity:
11 Easy Useful: https://youtu.be/A-DowvVUizw
30 UNBELIEVABLE STONE HACKS AND DIYs: https://youtu.be/qhsiIN-EOnY

Try your hand at a Self-Determined Project by constructing an item/idea of your choice, share your results.

Send a picture of your bracelets and knot tally to:
marctala@nmsu.edu or hannah99@nmsu.edu

Earn points for your participation and receive Pizza Gift cards!

Have Questions Contact: 575-588-7423
Marcella, Extension 4-H Agent, at marctala@nmsu.edu
Hannah, Extension Program Assistant, at hannah99@nmsu.edu

4-H Self Determined Project Record Sheet

Date _____

Name _____

Club _____ County _____

Project _____ Years in Project _____

List your goals for this project.

Tell what you wanted to learn and do in this project. If you had to set goals at the beginning of the year, copy those goals below. If you followed the goals already set in your project book, list the ones you wanted to accomplish here.

This year my goals were:

List what you learned as you were accomplishing each of your goals.

This year I learned:

Other Project Activities:

It is NOT necessary to have something in each of the areas on the following pages. This section is broken down by category. List only things you did that pertain to this specific project. Projects have many different activities and you should keep record of all that you do.

List any talks that you gave or contests that you participated in that relate to your project.

Do not list demonstrations. A talk is <u>not</u> preplanned or prepared ahead of time. It is sharing specific information about your project to an individual or group of people, and outside the immediate family. Examples of contests are: shooting sports contests, livestock judging, consumer decision making, entomology, horticulture, wildlife, Favorite Foods, animal showmanship, barrel racing, western pleasure horse classes, etc. Do not duplicate information.

Level	Talk or contest related to your project	Where did you give/participate

List project meetings and practices that you attended.

Project activities such as project meetings or practices are with a project leader and/or other members in your project. Do not list every time you work on your project at home, i.e.; every time you run your goat, draw a picture, sew your article, target practice, etc.

Level	Project Meetings/Practices

For each item you list on the following pages, list the level of participation. Use the following code: Local (L): club, community, school, etc.; County (C): county 4-H activities; District (D): district 4-H events or events that include several counties; State (S): events that the whole state can participate in; Regional (R): events that involve several states; National (N): events that include most of the United States; World (W): worldwide events.

List the demonstrations you gave in this project.

A demonstration is a pre-planned & prepared presentation about your project given in front of a group of people. You do not have to enter a contest or receive an award. A demonstration can be given in all projects including speech, rodeo, shooting sports, livestock, etc. Giving a speech in the speech project does not count as giving a demonstration in the project, but teaching others about public speaking does.

Level	Title of Demonstration	Where presented

List what you exhibited in the project and where you exhibited it.

An exhibit is something you show for public inspection. It shows the public (other people) something you learned or did in your project. In the majority of cases this will be a physical object; for example, something you make, grow, raise or bake. It may be a poster display showing something you learned or did in your project. Raising and showing your animal at a fair counts as an exhibit. In some projects: i.e. shooting sports, rodeo, and public speaking, an exhibit does not necessarily have to be a physical object. However, what you list in the exhibit section **CAN NOT** be listed in another section of your record book. For example, you **CAN NOT** list "shot rifle at county contest" under **EXHIBIT SECTION** and then list it under **CONTEST SECTION.** Do Not Duplicate a Single Event/Entry as a demonstration, exhibit or contest.

Level	What you exhibited	Where exhibited

Other Project Activities continued:

List other activities/resources you utilized in this project. List individual work sessions, tours and other activities that relate to this project. This may also include things such as workshops, camps, schools, fieldtrips, exhibits or special shows and conferences you attended related to this project. Do not duplicate information that you have listed somewhere else on your record sheet. Include the resources you used to develop your project: references, books, internet research, people, etc.

Level	Activity

Project Story

Your project story should be about this specific project and include an introduction, body and conclusion. Consider what things you enjoyed about this project or what you might do with this project in the future.
