

Rio Arriba 4-H Presents:

Tell Us About it Tuesdays!

NATURE'S TREASURES!

Cloverbuds enrolled in the Nature's Treasures project will complete activities on birds, trees, forestry, water, and the environment.

Some of the Project Activities include:

- ✓ Birds I have Seen and Birdwatching
 - ✓ Trees are Tree-mendous
 - ✓ Forests: We need them!
- ✓ Protecting our Forest Treasures
 - ✓ Water Words

Complete the following activities, share your results, and earn points!

Watch this video about Our Nature's Treasurers

Nature Facts: <https://youtu.be/bl91doFJVLs>

Then complete the attached activities:

"Nature Mobile"

"Birdwatching"

Send a picture of your projects to: marctala@nmsu.edu or hannah99@nmsu.edu

Earn points for your participation and receive Pizza Gift cards!

Birdwatching

Bird watching is fun and your whole family can do it with you! An easy way to start is by feeding the birds in the winter. (Remember - once you start you must feed them until their natural food is available again.)

Feed

the birds things like cracked corn, mixed birdseed, bread crumbs, suet, and sunflower seeds.

Make

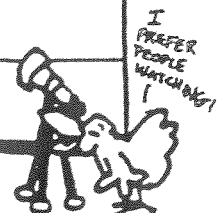

a tree feeder by spooning peanut butter on the scales of pine cones and rolling the cones in bird seed. Hang the cones in a tree near your window sill.

Chart

the birds you see. Keep your chart by the window sill near the bird feeder. Ask your family to help too! (A book on birds will help you identify them.)

| BIRD SPECIES | HOW MANY | DATE | TIME | LOCATION |
|--------------|----------|------|------|----------|
| | | | | |
| | | | | |
| | | | | |
| | | | | |
| | | | | |

Nature Mobile

Color, cut and glue two sections together, putting a string between the sections.

Hang and enjoy!
